## HAPPY Anniversary

At HOC, our team is at the center of everything we do, and we love celebrating their milestones! This quarter, we're recognizing several team members for their dedication and the meaningful contributions they make to our community.

Each of them plays a key role in supporting our patients, families, and mission. Their commitment and passion leave a lasting impact, and we're truly grateful to have them on the HOC team.

# WELCOME TO THE TEAM

## JADEN T. Genetics Assistant

Jaden comes to HOC with 4 years of pharmacy experience as a state certified pharmacy technician at HSHS with prior background in retail pharmacy. She is currently working towards getting a degree in radiography. Jaden resides in Green Bay with her dog, Boga, and on days that she is not working she enjoys spending time with her loved ones, reading, taking her dog on adventures, and crafting.

## Ask the Expert: We Want YOUR Questions!

Do you have a question you've always wanted to ask our care team? Now's your chance! We're excited to launch two special Ask the Expert podcast episodes: one for adults and one for kids.

This is your opportunity to get answers directly from our comprehensive care team, which includes a doctor, nurse, social worker, dental hygienist, nutritionist, physical therapist, behavioral health specialist, and genetic counselor. No question is too big or too small. Whether it's about daily life with a bleeding disorder, managing school or work, or planning for the future, we'd love to hear from you.

**Submit your questions by November 15, 2025 to Heather at [heatherh@hocgb.org](mailto:heatherh@hocgb.org).** You may even have the chance to be featured on the podcast asking your question yourself! Let's make these episodes a fun and helpful resource for our whole community.

# HOC Scholarships Open November 1st

Scholarship applications open November 1, 2025! The Hemophilia Outreach Center is proud to support education through two meaningful opportunities. The Auggy Nursing Scholarship honors HOC's founding nurses and helps those pursuing a career in nursing. The Dr. James Lacey Memorial Scholarship is available to college students or adults returning to college, university, or vocational/technical school who have a bleeding disorder or who are related to someone with a bleeding disorder.

Learn more and be ready to apply when the window opens by visiting:

# SUMMER PICNIC RECAP

This year's Summer Picnic was filled with fun, laughter, and community! Families enjoyed face painting, rock painting, tie-dyeing, flower pot painting, caricatures, bubbles, and plenty of games and activities for all ages. It was a wonderful day to relax, connect, and celebrate together.

A heartfelt thank-you to our amazing staff for bringing the day to life, to Bayer for sponsoring the event, and to all the families who joined us. The joy, togetherness, and smiles truly made this year's picnic unforgettable!

SPONSORED BY:

HOC had a wonderful time at the Great Lakes Hemophilia Foundation's Unite for Bleeding Disorders Walk 2025 at the Milwaukee County Zoo. It was a special day spent connecting with families, friends, and others in the bleeding disorders community. We are proud to stand alongside such an amazing group of people who continue to inspire us each and every day.
